- IP67 Protection
- 1000-nit Anti-Glare Display
- 4G LTE, Wi-Fi, Bluetooth, GNSS
- 8000 mAh Battery

The MDT865 is an 8-inch rugged Android tablet built for professional mobility across vehicle, field and fixed-site applications. It combines reliable processing performance, 4G LTE, Wi-Fi, Bluetooth and GNSS connectivity with a durable industrial-grade housing, IP67 protection and an 8000 mAh battery.

With its anti-glare 8-inch display, 1000 nits brightness, Android 14 or Android 16 support and flexible cradle-based design, the MDT865 is well suited for in-vehicle use, service operations and industrial workflows. Optional barcode, LoRa, LF RFID and serial expansion modules further extend its application range.
